## How to use the round track

- **Start:** put the marker on 1.
- **Advance:** move the marker up 1 at the start of each of the start player's turns after the first (if the start player is out, move it when play reaches their seat).
- **Storm, rounds 1–6:** at the end of your turn place **1** storm marker in the outermost ring that still has unmarked tiles (finish a ring before starting the next). End your turn on a storm tile: **1** Dead card to your discard pile.
- **Storm, round 7+ (STORM FAST):** place **2** markers per turn; storm damage is **2**. Storm damage ignores Shield.
- **DROP rounds (3, 5, 7, 9, 11):** before the start player's upkeep, a supply drop lands — one drop per starting player (2 players: rounds 3 and 5; 3 players: 3, 5, 7; and so on).
- **Endgame:** once every tile is marked, everyone takes storm damage every turn. There is no round limit.

# STORM MARKERS (CUT OUT, OR USE GLASS BEADS)

## REFERENCE CARDS

**Upkeep:** draw up to 5 (held and Dead cards count) → 3+ Dead: announce "critical"

**Actions (any order):** play any cards · move · attack (split it among players if you like) · 1 loot (1 cube, 1 pile claim or 1 drop card) · upgrade

**Supply drops:** rounds 3, 5, 7, 9, 11 (one per starting player); placed on a tile that's not storm or edge, then everyone may nudge it 1 tile

**Heal card (one-time):** split its value between removing Dead cards from your hand and adding Shield (max 4); then it leaves the game. Shield never refills on its own

**Storm:** finish the outermost ring before starting the next; place 1 per turn (rounds 1–6), 2 per turn (round 7+). End your turn on a storm tile: 1 Dead card (round 7+: 2) to your discard pile; Shield doesn't block it

**Eliminated:** all your Dead cards to supply; your other cards become a loot pile (claims pick 5, then 3, then 1)

**End:** eliminated if 3+ Dead in hand (then skip the rest) → discard played cards, then discard down to 3 (Dead cards stay and count) → storm markers → storm damage

**Damage:** points in that attack – Range, then Shield absorbs; 0 or less can't hit; Dead cards go to the target's discard pile

**Upgrade:** pay your upgrade cost (normally 4) in value of one type from hand → +1 Move or Attack (max 4); paid cards go to discard; Heal cards can't pay

**Upkeep:** draw up to 5 (held and Dead cards count) → 3+ Dead: announce "critical"

**Actions (any order):** play any cards · move · attack (split it among players if you like) · 1 loot (1 cube, 1 pile claim or 1 drop card) · upgrade

**Supply drops:** rounds 3, 5, 7, 9, 11 (one per starting player); placed on a tile that's not storm or edge, then everyone may nudge it 1 tile
